R7 Outreach Committee sponsored Social Media Outreach Pilot Program: This pilot was approved at the Fall Assembly last October and is in the early stages of planning.

Region 7 program will use the Instagram platform because we are targeting younger people and majority of Instagram users are under 45 years old.

Intergroups that choose to participate do so *at no cost to themselves*. Instagram can deliver relevant ads to users in selected geographic regions - in this case within a set radius of the center of each Intergroups' location.

We are in the process of refining demographics, price per click and other specifics.

Six intergroups expressed interest in the social media campaign including Brandywine.

Of the 3 ads selected by R7 Outreach committee, Brandywine Intergroup selected the "Pizza" to represent intergroup on Instagram. (Flyer Attached)

It was suggested that Brandywine might want to expand it's exposure toward different audiences using different ads in the future.
